

Welcome to NH Hospital!

We are glad you are joining our team.

Below are some resources to consider as you explore accommodations in the Concord, NH area.

- Centennial Inn** (about two minutes by car/10 minute walk from NHH) - Each room has a mini-fridge and desk with chair, but no microwaves, stoves, etc. With only 32 quest rooms, some of their weekends and even some of their weekday days are already sold out, which can make it difficult to do a stay of 3+ months. Having said that, they are always happy to check and see if it's something they can do for a nurse/MHW who needs lodging. Please do feel free to reach out and they can check to see if they can make it happen.
